November 30, 2016

President-elect Donald J. Trump  
Trump Tower  
725 5<sup>th</sup> Avenue  
New York, NY 10022

Dear President-elect Trump:

I was pleased to learn of the agreement you reached with United Technologies to keep hundreds of Carrier jobs in Indianapolis. I am eager to learn the specific details of the agreement.

While this is welcome news, particularly to the families who will keep their jobs, there are hundreds of additional workers at the Carrier facility and 700 workers at the UTEC facility in Huntington, all of whom will still lose their jobs. There are also a number of other Hoosier companies planning to move jobs offshore, including CTS Corporation in Elkhart and Rexnord Corporation, a company located just one mile from the Carrier facility in Indianapolis you will visit tomorrow. There are more than 500 jobs at risk between those two companies.

I have been fighting alongside these workers for years, arguing that we have an obligation to ensure that federal policies are designed to benefit the U.S. economy, and that we encourage investment in the foundation of our economy—American workers, their families, and our communities. To that end, I have also proposed a series of recommendations that would deny and claw back certain tax benefits to companies that move jobs offshore, and ensure offshoring is a factor when awarding federal contracts. I hope we can build on the momentum created by your agreement with United Technologies to make these changes in order to benefit working Americans across the country.

However, until we update our federal policies to better prevent offshoring, I strongly encourage you to make it clear that efforts to ship jobs offshore to chase cheap wages will be addressed head on by the Trump Administration. I stand ready to assist in any way possible.

Thank you for your efforts on behalf of Hoosier workers. I look forward to continuing this fight in the coming months.

Sincerely,

Joe Donnelly  
United States Senator
