## United States Senate

January 26, 2017

President Donald J. Trump  
The White House  
1600 Pennsylvania Avenue, NW  
Washington, DC 20500

Dear Mr. President:

I write to you today as a senator from the industrial heartland, who shares your strong concern about the outsourcing of American jobs and its impact on middle-class families.

As you know, outsourcing is not a new issue. For years, I have sought to align our policies with the interests of American workers, and I appreciate the renewed attention you have brought to the challenges facing many working families in my state. I believe that federal tax breaks and contracts should go to companies that invest here in the United States and those companies that outsource jobs should be penalized. That is why I recently introduced legislation intended to achieve that goal.

I also recognize that meaningful action to address the flow of American jobs to countries like Mexico and China will require Congress to act. Given our shared commitment, I respectfully request a meeting to discuss my legislative proposals and policy ideas, as well as ways we can work together to protect American jobs and strengthen our economy.

Sincerely,

Joe Donnelly  
United States Senator
